

VETO SAID TO BE  
SURELY COMING.SEIGNORAGE BILL WILL BE  
DISAPPROVED.

Mr. Bland Concedes That the President Is Opposed to the Measure—Legislative Program for the Week—The Tariff Bill.

WASHINGTON, March 26.—Mr. Bland in an interview yesterday said he thought the President would veto the seigniorage bill, and stated in answer to a question that if any members of the coinage committee had intended to oppose reporting a free coinage bill in case the President signed the seigniorage measure they would now be pretty sure to report it.

The veto will not be sent to congress, according to the present understanding, till Wednesday. It is stated that the veto will be based on principles antagonistic to the whole scheme. The President will advise congress to drop silver experiment for the present, and wait the working out of the international causes which he thinks must be the basis of any future legislation.

Letters and telegrams are pouring in upon the President in regard to his action on the seigniorage bill. It is stated that there are ten requests for a veto to one asking the President to sign the measure.

## WORK FOR THE WEEK.

McGarrahan and Russian Thistle Bills Soon to Be Considered.

WASHINGTON, March 26.—The probabilities are that the week in the senate will be given up largely to matters of minor importance. The McGarrahan bill is on the calendar as unfinished business and will have the right of way after 2 o'clock to-day. There will be an effort to dispose of this bill before the close of the week, and Senator Hansbrough has given notice that he will again call up the Russian thistle bill immediately after the disposal of the McGarrahan bill. Senator Dolph also intends to make an effort, if opportunity offers, to have the bill for relief of certain settlers on the public lands considered. Senator Turpie has evinced a desire to have his resolutions concerning the annexation of Hawaii voted upon before the tariff bill is taken up, but it is doubtful in the face of Senator Dolph's opposition whether this can be done.

The house will devote the coming week to the contested election cases. According to the arrangement made Friday the O'Neill-Joy case will be called up Tuesday. Inasmuch as the republicans are already committed to the policy of filibustering against the election cases they will consume the entire week. The republicans will demand the presence of a democratic quorum at every stage in the parliamentary proceedings. Every means known to parliamentary law will be used to prevent the seating of O'Neill and English, the democratic contestants from the Eleventh Missouri and Fifth California districts, respectively. Should the cases by any chance be disposed of before the end of the week the house will resume the consideration of the appropriation bill.

## Republicans and the Tariff Bill.

WASHINGTON, March 26.—Inquiry among republican senators as to the policy they will pursue with reference to the tariff bill when it shall reach the senate develops the fact that they are as yet undecided as to whether they will move to recommit the bill upon the commencement of the debate. They expect the general debate to continue for at least a month and hope to have every schedule discussed paragraph by paragraph afterwards. Some of them intimate that they consider it may be possible by this course to delay action so as to render it impossible to pass upon the bill during the present session.

## RIO JANEIRO JOYFUL.

Revival of Trade Marks the End of the Brazilian Naval Revolt.

RIO JANEIRO, March 26.—Affairs here are rapidly resuming their normal aspect, and aside from the damage done to the forts and along the water front by the fire from the insurgent warships, all traces of warfare have disappeared.

The government entertains no fear of much further trouble in the south. The insurgent sympathizers claim that the placing of Admiral de Mello at the head of the provisional government will attract many persons to the rebel standard, but the government here believes the insurgent forces will gradually melt away until nothing remains. The government has 12,000 men at Itarare and more at Sao Paulo, and these forces are believed to be more than sufficient to meet any that the insurgents can bring against them.

## That \$1,500,000 Shortage.

ELMIRA, N. Y., March 26.—Ex-Comptroller Frank Campbell was asked in regard to the rumored discrepancy of \$1,500,000 in the accounts of the state comptroller's office during his term. Mr. Campbell said it was a matter he knew nothing about. He did not believe that any discrepancy existed and said that whatever the alleged trouble was it would work itself out all right.

## AMERICAN SHIP NEEDED.

People at Bluefields Interested in the Landing of British Marines.

COLON, March 26.—The British cruiser Canada, Capt. Wilson commanding, has arrived here from Bluefields, Nicaragua. He reports that everything was quiet there when he left. Great interest was manifested at Bluefields as to the decision of the question between the United States and Great Britain regarding the landing of British sailors and marines on Nicaraguan territory.

It has been Lacayo's policy to be considerate toward the Americans and they have not suffered any insults from the hands of his troops. There were hundreds of irresponsible persons in the city when the trouble started and doubtless if it had not been for the presence of the marines there would have been considerable bloodshed. There was no local government and men did pretty much as they pleased. The presence of an American man-of-war is absolutely necessary.

## SITUATION IN WYOMING.

Snow Ten to Twenty Feet in Depth—Loss of Live Stock Heavy.

BUFFALO, Wyo., March 26.—Last week's blizzard, continuing seventy hours, has never been approached in severity by any other storm in this locality. Traffic is entirely suspended and communication by wire with the outside world has just been restored. Snow is drifted from ten to twenty feet deep in every direction. The mail coach took five days making one trip for Claremont, thirty miles. The loss of stock is great. In one herd near Buffalo containing stock which had been fed all winter over 20 per cent perished. The loss of range stock will likely be one-half, which will leave scarcely any stock in the country this spring. The tremendous snow fall insures wonderful grazing next season and thousands of head of stock will be driven into the country.

## LOW PRICE FOR WHEAT.

New York Market Drops to 61 3-16 Cents, the Lowest Ever Reached.

NEW YORK, March 26.—May wheat touched a lower price Saturday than it ever did before, 61 3-16. There was no heavy selling at the decline, the market weakening gradually on depressing news, chiefly the small weekly exports of wheat and flour from both coasts, fair weather in the wheat belt, and a bearish Illinois state crop report. At the close prices rallied on talk of a severe blizzard in the northwest.

## Killed by His Wife and Daughter.

HOMER, Ga., March 26.—J. F. Willis has been killed by his daughter Lillian and his wife. The girl says she struck a blow with the ax, after having cut her father's throat with a razor, while he was choking her mother to death. After drawing the razor across the throat of her father, and seeing that he was not dead, she picked up the ax and finished him. Her plea was that she did the deed to save her mother's life. A trial was held immediately after the killing. The jury rendered a verdict of not guilty.

## Young Girl Frozen to Death.

VALPARAISO, Ind., March 26.—Friday evening Miss Etta Brewer of this city left home and failing to return a search was made for her, which was continued all day Saturday. Yesterday word was sent to this city that a woman was found dead about five miles in the country. She proved to be Miss Brewer. It is thought she walked into the country and, becoming bewildered, had wandered around until exhausted, when she lay down and froze to death.

## Quarrel Over a Mule's Ownership.

BIRMINGHAM, Ala., March 26.—M. Myers, a respectable farmer, died last night from injuries inflicted by J. P. Mason, a neighbor, at Francisco yesterday in a quarrel about the ownership of a mule. The two grew angry in a talk upon the subject and Myers drew a knife and made for Mason. Mason picked up a rock and felled the advancing man by a blow in the stomach. Mason gave himself up.

## Suit for the Famous Paris Fund.

ADRIAN, Mich., March 26.—Dr. Chas. O'Reilly, ex-treasurer of the Irish National League of America, leaves for Paris this week in response to a request from Justin McCarthy to testify in the suit of Mrs. Parnell for the acquisition of the famous Paris fund, of which McCarthy is now sole surviving trustee. The money at issue is said to be a quarter of a million dollars.

## Bonds of Indicted Bankers Increased.

ATLANTIC, Iowa, March 26.—A. W. Dickerson, cashier, and J. C. Yetzer, president of the Cass County bank, which recently closed its doors, were again arrested Saturday and each placed under \$10,000 additional bonds, making \$19,000 against each. Dickerson, who has been out on bail, was returned to jail in default of bonds. Yetzer failed to secure bonds, but was reported too sick to be taken to jail.

## Atrocious Deed of an Italian.

PHILADELPHIA, Pa., March 26.—At Barboursville, near Scranton, Andro Bartelli became angered because his baby cried. He picked the infant out of the cradle, took the lid off the stove and threw the little one on the hot coals. His sister rescued the child, but it was so badly burned that it soon died. Bartelli has not been found.

## Gold Found on the Mesaba Range.

DULUTH, Minn., March 26.—An extensive find of gold is reported from Virginia, a town in the Mesaba Range, in St. Louis county.

THE FRIGID BLAST  
RUINS FRUIT CROPS

## COLD WAVE THROUGH MICHIGAN AND ILLINOIS.

Damage Done That Will Amount to Many Thousands of Dollars—Hopeful Outlook Changed to One of Despair—Snow Accompanies the Blizzard.

BENTON HARBOR, Mich., March 26.—A blizzard struck this shore from the northwest early yesterday morning and continued till late in the afternoon, with the mercury below freezing point. Many thousand dollars' damage is done to early peaches, grapes, and blackberries. Strawberries are frozen up solid. Thousands of trees were almost in blossom from the unusual, continued early warm weather. This will prove the most serious calamity that has befallen the growers in the fruit belt since the peach-yellow scourge in 1875 completely devastated the entire belt of the main resource to farmers.

ANNA, Ill., March 26.—The thermometer fell to about 20 degrees. The freeze did great damage to fruit and vegetables throughout this section. The buds of the pears, cherries and early apples are thought to be killed. Early vegetables suffered. Strawberries are injured some. There will be no peach crop whatever, this freeze having finished the ruin which the January cold snap began. The loss in this belt will amount to thousands of dollars.

MASCOUTAH, Ill., March 26.—In two days there has been a drop in temperature from 80 to 15 degrees. Peaches, pears and plums are ruined. The apple crop has not been injured, with the exception of a few early varieties.

DECATUR, Mich., March 26.—A severe snowstorm visited this region yesterday, and in some places the snow is drifting badly.

ALTON, Ill., March 26.—The gale which visited this district last night is still here in a diminished degree, and the thermometer has not been above 20 degrees at any time, as against 72 degrees Friday afternoon. All the fruit has been killed.

CHAMPAIGN, Ill., March 26.—The weather became much colder, the thermometer registering 8 degrees above zero yesterday. If the temperature gets much lower the fruit crop will be entirely ruined.

CAIRO, Ill., March 26.—The warm weather of the last week caused the strawberries to grow and some to bloom. The weather is now cold and it is thought the fruit is all killed in this section. Peaches were nearly all killed by the intense cold of the winter.

FAIRBURY, Ill., March 26.—The fine spring weather that has prevailed here several weeks changed suddenly last night, with a strong cold wind blowing from the northwest, accompanied occasionally by furies of snow. Ice of a good thickness formed. Early garden vegetables and out-of-door plants are ruined, and it is feared the early fruit, which was several weeks ahead of the season, caused by the fine weather, is also ruined.

WABASH, Ind., March 26.—Yesterday was one of the coldest days in March ever known in this locality. Fruit has been badly hurt and the growing wheat is injured. The mercury is down to 12 degrees.

VALPARAISO, Ind., March 26.—A blizzard raged here all day yesterday and it was extremely cold. During the last month the warm weather has caused all the fruit trees to bud, and these buds were all killed and wheat badly damaged.

## BACKING MISS POLLARD.

Mrs. Blackburn Said to Have Raised the Fund to Prosecute.

LOUISVILLE, Ky., March 26.—It is now stated on what appears to be excellent authority that the source of Miss Pollard's financial backing in her suit against Col. Breckinridge, about which there has been much conjecture, is no other than Mrs. Blackburn, widow of the late Gov. Luke P. Blackburn of Kentucky. This information comes indirectly from the family. Mrs. Blackburn was much incensed because Mr. Breckinridge introduced Miss Pollard to her as his affianced bride and has expressed herself on this point very positively. She is said to have written letters to a number of ladies, not only in Kentucky, but in Washington, suggesting that a fund be raised for the purpose of pushing Miss Pollard's case in the courts. What the result was in cash is not known, but there is said to be no doubt that Miss Pollard's present backing comes from that source.

## Humbert Expresses Sympathy.

TURIN, March 26.—It being necessary to procure from the Austrian government a permit to convey the remains of Gen. Kossuth through Austrian territory, application was made to the Austrian minister of foreign affairs for such a permit. The authorization was at once granted. The prefect of Turin visited the Kossuth family and conveyed to them the personal condolence of King Humbert.

## Most Expects a Universal Outbreak.

BOSTON, Mass., March 26.—The Boston anarchists held a field day yesterday, with Johann Most as chief marshal. Most maintained that a social revolution was bound to come; that when the time was ripe it would not break out in isolated spots, but would be a universal outbreak.

## Senator Stewart Writes to Coxe.

WASHINGTON, March 26.—Senator William M. Stewart of Nevada has sent a letter to J. S. Coxe, commander of the army of the commonwealth, in which he deprecates the movement and advises the leaders to do their fighting at the polls. He says in conclusion: "Abandon the folly of marching an unarmed multitude of starving laborers against the modern appliances of war under the control of a soulless money trust. Such folly will augment the power of the oppressor and endanger the safety of the ballot itself. Disorder is all that is required to insure the supremacy of the armed forces of the money powers at the polls. Traitors to human rights have usurped the power of the government through the machinery of party and the arts of demagogues. Hurl them from power. Trust no man who has once deceived you. Let the government of the United States administer for and not against liberty, justice and equal rights, and not to elevate to power the agents of banks and bonds to perpetuate the rule of an oligarchy of wealth."

## Road Tied Up By Gen. Frye's Army.

SAN ANTONIO, Texas, March 26.—Gen. Frye and his industrial army of 700 men are camped on the prairie at Finley, 400 miles west of here. The Southern Pacific freight train crews refuse to haul the men, acting upon instructions of the officials of the road. The army threw a swith at Finley and caused a train to run into the siding. They then boarded the train and the conductor hauled them to Finley, where the train was tied up. All east-bound freight traffic has been suspended on account of the army and an effort is being made to starve them out.

## Recruits to Carry Firearms.

SALEM, Ohio, March 26.—An officer who is covering the Ohio route for the Pennsylvania authorities claims that if Coxe can keep going and hold the men who are waiting to join him he will cross the Pennsylvania line with about 3,500 men. He learns that at least 50 per cent of the Ohio recruits will go into the crusade carrying firearms "to be prepared," as one captain said, "to protect themselves in case they are imposed upon."

## Milwaukee May Furnish Aid.

MILWAUKEE, Wis., March 26.—Milwaukee will be represented by a contingent numbering about 300 in the "On to Washington" march of Coxe's commonwealth if the hopes are realized of Henry Holman, who has taken on himself the duty of organizing and marshaling the Milwaukee communes. He is certain that he can secure a large number of volunteers for the army.

## To Get Recruits from Alabama.

BIRMINGHAM, Ala., March 26.—John C. Townley, a lieutenant in J. S. Coxe's army, is here to get up an Alabama brigade to join the march on Washington. He claims to have assurances of a good following in North Alabama. His advent has been marked by no particular demonstration among the working classes.

## Freezing Weather in Middle Tennessee.

NASHVILLE, Tenn., March 26.—From different Middle Tennessee towns frost is reported last night. The temperature is 27 degrees, with a stiff wind and perfectly clear. Much danger to crops and small fruits and vegetables is feared from the freeze.

## Senator Colquitt Dying.

WASHINGTON, March 26.—Physicians in attendance on Senator Colquitt have informed his family that he can live but a short time. He is sinking rapidly and at 3:35 this morning his death is expected momentarily. His strength has even now sustained him longer than had been expected. He has made a brave fight for life against disease, and now will succumb after several weeks of sickness.

## MAY SETTLE DIFFERENCES.

Conference of the Eastern Illinois Matters Arranged.

CHICAGO, March 26.—S. F. Wilkinson, Grand Master of the Brotherhood of Railway Trainmen, who came to Chicago to investigate the trouble on the Chicago & Eastern Illinois railroad, will leave for Omaha to-day to attend a conference on the Union Pacific troubles. Mr. Wilkinson will leave P. H. Morrissey, Vice-Grand Master of the Trainmen's Brotherhood, in charge of the Chicago & Eastern Illinois matter. A conference in which Mr. Morrissey and representatives of the engineers' and firemen's organizations and officials of the road will take part has been arranged for to-day. Mr. Morrissey said yesterday there was a prospect of an amicable settlement of the differences between the trainmen and the Chicago and Eastern Illinois. The company has given notice of a general cut in wages, to take effect April 20, and has sent out a notice that the employees must signify their acceptance or rejection of the reduction by April 5. The company has agreed to meet the men and discuss the proposed reduction and a compromise may be agreed to.

The employees of the railroads using the Chicago & Western Indiana tracks met yesterday and denounced the Chicago & Eastern Illinois road for attempting a reduction in wages of employees and a change in condition of employment in violation of an agreement in existence; resolved to aid the Chicago & Eastern Illinois employees in all honorable means in this struggle and declared that the proposed reduction is disproportionate, unequal, and calculated to cause dissensions among the men.

Holy Office Said to Have Condemned Henry George's Doctrines.

NEW YORK, March 26.—There was published here a statement from a Rome correspondent that the holy office has condemned the doctrines of Henry George and that this condemnation would be followed by some grave consequences. Henry George is expected to be a candidate for the mayoralty of this city and such a pronouncement would seriously affect his chances of success.

Rev. Dr. Edward McGlynn looked on the statement as absurd. "I am positive," added he, "that it is absolutely false." It is asserted that the condemnatory stricture on Henry George's doctrine has been forwarded from Rome.

Decision Left to Committees.

DANVILLE, Ill., March 26.—The engineers, firemen and trainmen of the Chicago & Eastern Illinois railway held their regular meeting here yesterday. The matter of the new schedule offered by the officials of the road, in which there is a slight reduction of wages, was discussed. It was decided to leave the final determination of the matter with the committees, which will meet the heads of the various railroad labor organizations in Chicago to-day.

Thinks There Will Be No Strike.

CEDAR RAPIDS, Iowa, March 26.—Grand Chief Ramsay of the Order of Railway Telegraphers said in an interview here that he had information to the effect that there would be no strike of the employees of Union Pacific railway. The real employees of the company, he said, had no intention of striking, and the agitation in that direction was by outsiders.

Will Kill Half the Saloons.

BERLINGTON, Iowa, March 26.—Saloonkeepers here have been interviewed on the subject of the liquor law, and all express the intention to obey the new law or quit business. The better class of saloons like the law, but the disreputable ones are much opposed to it. There are about 100 saloons here, and it is estimated that the new law will kill off half the number.

Kentucky Town Suffers by Fire.

WINCHESTER, Ky., March 26.—The residence portion of Ford, a growing lumber village, was wiped out by fire last night. The Masonic hall was first destroyed and then the fire spread to other buildings, destroying eight dwellings, one business block, a church and a saloon. J. T. Moore was seriously hurt in falling from a building.

Movement of Texas Cattle.

SAN ANTONIO, Texas, March 26.—The movement of Texas cattle to the Indian Territory has begun here. Several thousand head will be moved from points on the San Antonio and Aransas Pass railroad to the Territory pastures within the next two weeks.

Say Thirty Are Dead.

LONDON, March 26.—A dispatch to Lloyd's from Santander, Spain, fixes the number killed by the recent explosion of dynamite which was being removed from the sunken steamer Cabo Machichaco at thirty.

Dynamite a Justice.

HUNTINGTON, W. Va., March 26.—About 10 o'clock last night dynamite was exploded under the residence of Esquire Vance, on the western fork of Hart's creek, and one of his children was badly hurt. The justice has recently made many enemies, and it is believed the explosion was intended to kill him and his wife.

Descendant of Washington Dead.

HUNTINGTON, W. Va., March 26.—Wallace Washington, a descendant of George Washington, who has been chief clerk to the chief of police at Richmond, Va., died in this city last night from paralysis. He has been here on a visit to a son.

Want Breckinridge Retired.

BOSTON, Mass., March 26.—At the meeting of the Woman's Rescue League resolutions were adopted condemning Congressman Breckinridge, and the members take occasion to emphatically denounce the congressman and brand him as a menace to society and public morals.

GUY GOT HIM A WIFE  
BY MEANS OF AN AD.

## THE ROMANCE OF A WALTHORTH COUNTY WEDDING.

Guy Hubbell Put a Few Lines in a Chicago Paper and After Some Correspondence He Obtained a Spouse and Helpmate From Sternville, Michigan.

DELAWARE, March 26.—Guy Hubbell got married the other day. He had been in the rig it humor to strike his head through the noose for some time but was too busy with his farm work to go off wife hunting. So he advertised in a Chicago paper. The adlet caught the eye of pretty Miss Emma Keene, over in Sternville county, Michigan, where they raise the biggest peaches and the smartest girls in America, and she replied just for fun you know. Soon after Miss Emma Keene became Mrs. Guy Hubbell, and started the next morning for Wisconsin, to locate on one of the neatest little farms in Walthorth county, where she has already "made a pleasant home."

## HAWAIIANS SHOW FIGHT.

Threaten to Stamp the British Into the Earth if They Interfere.

COLFAX, Wash., March 26.—A letter received in the last Honolulu mail by James Goode of this city, from his brother, Capt. John Goode, commanding the National guard of Hawaii, confirms the report that Secretary Gresham has received advice of the British intrigues in Honolulu. Capt. Goode says:

"The royalists may conclude to attempt something on their own account. If they do we will easily take care of them, but they may make a plunge for a few hours and declare Mrs. Dominis again queen with hope that Great Britain may sustain her. The British minister is an intriguer and all his family as well as national interests are bound up in the restoration of the monarch; should an uprising take place he might declare an alleged monarchy under British protection and land men from the English men-of-war to sustain it. If they come ashore we will stamp them into the earth, no matter what the after-consequences may be. Should such a collision occur we believe that the people of the United States would compel the government to sustain us."

## WILL NOT CALL OUT TROOPS.

Gov. Waite's Counsel Say They Have a New Plan.

DENVER, Colo., March 26.—Judge Platt Rogers, counsel for Gov. Waite in the fire and police board controversy, announces positively the governor has given his promise not to call out the militia again to unseat the removed commissioners, Orr and Martin. The governor refuses to be interviewed. The lawyers have hit upon a new scheme for installing Mullins and Barnes as fire and police commissioners without waiting for a decision of the courts in quo warranto proceedings. What their plan is they would not divulge, but it is proposed to carry it into effect early this week. As a preliminary, Mullins and Barnes will make a written demand upon Orr and Martin to-day to vacate under the opinion of the Supreme court that the case as presented the former are legally entitled to the office.

## AT SEA ON AN ICEFLOE.

High Wind Blows Fishermen Away From St. Johns.

ST. JOHNS, N. F., March 26.—Fifty men who were fishing on the ice here last evening were blown out to sea by the high wind. It is feared that many of them have perished. Several steamers have gone in search of the men. Two bodies have been picked up on shore, where they had drifted. It is feared this may prove as serious as the disaster in Trinity Bay two years ago.

## Formation of a Combine Denied.

PITTSBURG, Pa., March 26.—The consolidation of the steel-casting companies of the country, representing capital of over \$1,000,000, as reported from Philadelphia is verified here with some minor corrections. The gentleman who was interviewed is prominent in the steel-casting business. He asserts that the consolidation of interests is in no way a trust and not intended to squeeze the trade. On the contrary, he says, the very considerable lessening of expenses to individual firms will enable the union to bring the price of steel castings down to that of iron castings.

## Fredericks Is Very Young.

SAN FRANCISCO, Cal., March 26.—William Fredericks, who shot Cashier Herriek Friday, is only 22 years old, but is a hardened criminal. Several years ago he was sent to the penitentiary for robbery and served four years. He is accused of two murders besides that of Herriek. Last night he admitted that his name was Fredericks and said that he had furnished arms to George Sontag, Chris Evans' partner, when Sontag tried to escape from Folsom prison.

## Want Breckinridge Retired.

BOSTON, Mass., March 26.—At the meeting of the Woman's Rescue League resolutions were adopted condemning Congressman Breckinridge, and the members take occasion to emphatically denounce the congressman and brand him as a menace to society and public morals.

## THE OLD SCHOOL IS LARGE ENOUGH.

### B. B. ELDRIDGE OBJECTS TO THE BUILDING PROJECT.

Third Ward Pupils Should Be Put By Themselves in a Separate Ward School and the Present Structure Remodeled for the Use of Advanced Pupils.

There is a general belief that Janesville people will vote in April for a new high school building. The fact that this city is far behind other cities of like size in educational facilities, is admitted. It is insisted by some, however, that the present building might be remodeled, and the following letter on the subject has been received:

EDITOR GAZETTE:—The article in the Daily Recorder of the 17th inst. headed "Are Now in the List," has the earmarks of its being worked and intended as a pressure on the voters of the city in favor of the creation of an unnecessary burden of \$55,000 on their property in building a new high school building. If the fact be as therein claimed, that our high school pupils unconditionally occupy the enviable position mentioned in such article, without compromise of standing on the part of our state university, we should be glad. It shows the fact plainly; that under all the disadvantages urged by those who have so unwisely tabooed our high school facilities, its graduates have got there, notwithstanding.

I decline to believe, though, that Professor Barnes—as implicitly alleged, or any other person, with full knowledge of the seating capacity of the high school building, did or could have recommended its enlargement at this time to accomplishment of the purposes intended. This building as at present arranged has a suitable seating capacity to accommodate 400 pupils at least, and additional room for all other necessary purposes. The highest number of high school pupils ever in attendance, I have been informed, has not exceeded 220, so I concluded that if Professor Barnes ever made the statement or recommendation, accredited to him by the article that the capacity of the building should be now enlarged, he was led so to do, believing that all the pupils in attendance at such buildings, including the 330 pupils of the Third Ward district, legitimately belonged there, when in fact the 300 district pupils are there without rights, except of temporary sufferance.

The article also claims the board of education to have done wisely in all ways in providing for high school purposes and building. It is to be presumed such claim is intended to cover what has been done in the sanitary arrangement and condition of the building and grounds, and if so, we are justified in the remark, that the most favorable sanitary location and conditions have been grossly perverted or neglected. It is understood that the entire sewage of the building is conducted from its basement into cess pools located in the immediate school grounds instead of through proper sewerage facilities to Rock river. And that but lately one of these cess pools was permitted to discharge itself over the surface of the school grounds and adjacent street. To relieve the locality of this condition of things, a new cess pool was sunk on such premises wherein to discharge the contents of the overflowed pool, thereby enlarging the nuisance to the extent of the new pool and further, presumably to draw off from the school buildings the death dealing vapors constantly emanating from these pools; and delivering the same into the nostrils of the many pupils in attendance, and any other persons in the immediate neighborhood, an iron pipe about four inches in diameter and extending above the surface of the ground about one foot, has been planted in the top of the latter pool mentioned, instead of a pipe of such capacity and length as would conduct such vapors above the roof of the highest building within the range of its effect.

Publication of the foregoing in the Janesville Daily Recorder has been refused, for the sole reason it did not favor the immediate creation by the city, of the large indebtedness therein named, and the author herself was distinctly informed that "the board of education had decided the matter," and that was the end of it. And did "not propose to raise questions in opposition." In other words, the people, so far as the manager of the Recorder is concerned, must go it blind, except as to one side of the question raised. All else must be kept under cover and out of sight. I would that it was otherwise, but we must take men as we find them. I beg pardon for the intrusion upon the public, and hope that in so far as I have endeavored to instruct on this subject and protect the rights and interests of the people of this city, I have done no wrong.

Dated March 17, 1894.

Kill Him.  
That was the decision in the Prendergast case of the assassination of Mayor Harrison of Chicago. That is your verdict in regard to your hair providing you do not take care of it. If your hair has already fallen out and your head is bald you should consult some one at once who makes a specialty of the hair. Where the follicles are present there is a cure for you. An examination which will cost you nothing, may prove of endless value to you. Professor Birkholz, the German hair specialist of Chicago, will be glad to consult in private, and free of charge, by those who desire treatment. An examination will cost you nothing, and should be had if there is the slightest chance to cure. He will get the remedy for you at once, if he has not got it in stock.

A God-send is Ely's Cream Balm. I had catarrh for three years. Two or three times a week my nose would bleed. I thought the sores would never heal. Your balm has cured me.—Mrs. M. A. Jackson, Portsmouth, N. H.  
I have had nasal catarrh for ten years so bad that there were great sores in my nose, and one place was eaten through. I got Ely's Cream Balm. Two bottles did the work. My nose and head are well. I feel like another man.—C. S. McMillen, Sibley, Jackson Co., Mo.  
A Pious Wish.  
Some years ago an old deacon in Pennsylvania was very self-willed, and on two or three occasions made endless trouble in church. After some years they got started again, but another row soon broke out. At last the church clerk got up and said: "Brethren and sisters, I wish Deacon Jones was in hell." The new pastor and the members were horrified, and the pastor said: "Brother Smith, such a remark is unkind and unchristian. Why do you use such expressions about a brother?" "Well, pastor," he replied, "I calculate if Deacon Jones was in hell about six months, he would bust it up."

ST. JOHN NOT A BANK WRECKER

Former Janesville Publisher Acquired by a Jury at Kearney, Neb.

Sylvester S. St. John once a Janesville newspaper man has been acquitted of the criminal charge of wrecking a savings bank at Kearney, Nebraska. The bank was wrecked two years ago, and creditors brought suit against the manager Mr. St. John being one of the managers. After a legal contest in the district court lasting one week the case was given to the jury, who soon returned a verdict of acquittal, thus exonerating Mr. St. John. The gentleman's many friends in Janesville who have been watching the court proceedings, will rejoice at the verdict and reaffirm their confidence in his integrity.

THE PIOUS STRANGER.

Prolonged the Prayer Meeting While His Pal Was Robbing.

The next time a stranger attempts to relate his experience in a prayer meeting presided over by Rev. J. P. Brushingham, of the Fulton Street Methodist church, of Chicago, he will be regarded with suspicion and will probably be called upon to show his credentials or leave the house. At the last regular meeting the pastor's entire family attended, leaving the parsonage deserted. The brothers and sisters were not in a talkative mood, and the preacher arose to dismiss the meeting, when a stranger in the rear of the room stood up and asked to be allowed to say a few words.

He talked for fifteen minutes and told how precious religion was to him. During this time the good brothers and sisters were loud in their cries of "amen," and the minister thought he had found a diamond in the rough.

When a second attempt was made to dismiss the meeting, the stranger again occupied their attention for some time. The benediction was finally pronounced. The stranger was the first person to leave, not having time to shake hands with any of the congregation.

When the pastor returned home he discovered that the place had been looted. Fifty dollars in money, a gold watch and chain and other articles of jewelry and valuables had been taken. He reported the matter to the police and mentioned the lengthy talk of the stranger. It was learned that the pious stranger was a confederate of the thieves, whose business it was to prolong the meeting until his pals had robbed the house.

ONCE FAMOUS SINGERS.

Campanini and Capoul Have Passed From the Public Gaze.

You may see on Broadway on any fine afternoon two of the world's most famous tenors, men now forgotten, who sung their way into the hearts of their fellow-men as they strutted their brief day upon the stage, remarks a writer in Frank Leslie's Weekly. Now they have passed from public gaze as the mists melt before the rising sun. One is Italo Campanini and the other Victor Capoul. What memories their names recall! The echoes of the old sweet songs come back to us, and there are visions of dainty women clapping their jeweled hands together in ecstasy of delight, while men shout "Bravo, bravo!" The voices of these once great singers have gone, and the poor fellows are toiling to make a living by instructing others. Capoul was said to be the best stage lover ever seen in opera here. Women raved over him, and sent him their jewels and bushels of love letters. Men imitated his dress and even the cut of his hair; and Nilsson, of glorious voice and memory, idolized him. Campanini was not so fortunate as Capoul, perhaps, in this regard, but still women adored him, and his voice was as "sweet as the music of the harp harping on his harp."

There is no applause for them now, only the pushing and jostling crowd as it surges up Broadway at nightfall. Who was it said that sorrow's crown of sorrows is the memory of happier days?

AN EUROPEAN UTOPIA.

A Town Where Everybody Has Work, Income and no Taxes.

The happiest place in Europe is said to be Klingenberg-on-the-Main. It is one prosperous spot where everybody has work and an income and where there are no taxes, either local or imperial, because the income of the municipality suffices for everything and leaves a bonus for distribution besides. Happy Klingenberg! It is all due to a little wisdom and foresight on the part of its local administration many years ago. There are valuable beds of fireclay in the neighborhood and these the municipality had the prudence not to sell to make the fortunes of other people, but retained for the benefit of the town. The profits pay all taxes and the inhabitants get the surplus divided among them. Young men going into the army received this year a present of fifteen marks each.

The ordinary method of unthrifty municipalities is to throw all their advantages away in water and gas supply, coal fields, public lands and many other ecceteras, which are utilized by companies and contractors to build up colossal interests, and the taxes mount up to a dizzy aggregate eventually, all because nobody looked ahead with public spirit at the commencement of enterprises.

Try It.

For a lame back or a pain in the side or chest, try saturating a piece of flannel with Chamberlain's Pain Balm and binding it onto the affected parts. This treatment will cure any ordinary case in one or two days. Pain Balm also cures rheumatism. 50 cent bottles for sale by Stearns & Baker.

GOOD MAN FOOLED BY A TRAMP

After Getting a Square Meal and a Job He Vamooseed.

The superintendent of a well known manufacturing establishment was taken in by a tramp the other day. The superintendent does not profess Christianity but he has more kindness in his nature than many who think they are Christians and never lets the sun go down without performing some act of generosity. The other day a man wearing a suit of clothes so dilapidated that the Hurley sufferers would have scorned to take such a raiment as a gift, applied to him for assistance. He wanted to be practical in his charities, and when he looked upon the weather beaten countenance of Ozone Willie, he offered the pilgrim a job.

"But I can't work on an empty stomach," sighed the traveler.

"Poor man," said the benefactor, "you do look famished. Come over with me to the lunch counter and we will get a good meal. No man can work when he is hungry."

Ozone Willie demonstrated the fact of his original statement and when he left the lunch counter, he resembled the jack of spades in portliness.

"Now here is a job for you," said the superintendent. Work the rest of the day and when night comes I will pay you a sum that will help you along a short distance on your journey."

"I say, mister," exclaimed the fugitive, "why can't I work right along. Work is what I want. Honest toil is all that I need. I have a wife and family not far away and I intend to send them my earnings."

"Why, certainly," was the reply, "there is work here to do and I see no reason why you should not remain."

"It's a bargain, and I suppose you have no objections to me telegraphing my wife that I have found employment. She has a little money and will pay for the telegram. It will be such welcome news to her."

"That is right, my good man," answered the superintendent. "Your thoughtfulness is certainly commendable."

Ozone Willie went toward the telegraph office and never came back.

OUR PIANO OFFER HAS BEEN CHANGED.

GAZETTE OFFER HAS MADE A POUNDING STIR.

April 2 the Votes Will Begin to Pour In—Coupons Should Be Saved and Tied Up in a Bundle—Burnham & Co. Answer Many Questions.

A change has been made in The Gazette piano offer. Instead of a \$450 a \$500 Shaw piano will be presented. The arrangements have just been completed through S. C. Burnham & Co. southern Wisconsin agents for the Shaw, and details are given in the display advertisement on another page. The piano will be as fine as can be bought. The piano contest will open April 2. Coupons will be printed each night and should be saved and tied up in bundles of one hundred.

1. Any one, anywhere in any state is entitled to vote as often as they buy a copy of The Janesville Gazette containing the above ballot.

2. Cut the ballot out (trimming on the dotted lines.) Write in the name of your candidate and enclose same in an envelope addressed to Bailot Editor, Gazette, Janesville, Wis.

3. Only one person can be voted for on one ballot.

4. After Monday April 2 the ballot will be printed in the Gazette every day.

5. The lady who receives the largest number of votes will receive as good and beautiful a piano as the Shaw Piano Company can make.

6. The contest will close June 30, 1894. Piano will be delivered as soon as the counting of votes is completed.

7. Any person who will bring The Gazette one new subscriber paid in advance will be entitled to the following number of ballots:

New subscriber paid in advance one month, 100 votes.

New subscriber paid in advance two months, 250 votes.

New subscriber paid in advance six months, 900 votes.

New subscriber paid in advance one year, 2,000 votes.

No person will be allowed extra votes for stopping his paper and having it sent to another name at the same address.

In every instance they must be bona fide new subscribers.

We will be square with you, you must be square with us. No person will be allowed to stop his paper on Monday and start it again Tuesday and claim the premium offered.

The polls will close at 9:00 p. m., June 30, but votes handed in before this will be duly credited. The contest will be conducted strictly "on the square." No partiality or unfair advantage will be taken or allowed in any case.

A Card to the Public.

I hereby announce that C. H. Stoller, whose notice of dissolution of partnership between M. Dawson, George Charlton and C. H. Stoller in buying live stock has ceased, as appeared in your issue of the 23d inst., I will hereby state that no such partnership has ever existed. I furthermore would state that I have been dealing in live stock in this vicinity for the past thirty years and that I propose to continue in the same business indefinitely.

M. DAWSON.

Dissolution Notice.

The copartnership heretofore existing between A. W. Hall and Jacob Hanson under the firm name of Hall & Hanson, is this day dissolved by mutual consent. All parties indebted to the late firm will please call on A. W. Hall, 51 Cherry street. A. W. HALL, GEO. HANSON.

Twenty-Five Dollars Reward.

Some malicious person put a steel key into the fire alarm box 515, breaking the key in the lock, rendering the box useless for a time. A reward of \$25 is hereby offered for the arrest and conviction of the person who thus tampered with the fire alarm service.

JOHN C. SPENCER, Chief Engineer.

Janesville, March 31, 1894.

Dissolution of Partnership.

The partnership relations that have existed between M. Dawson, George Charlton and C. H. Stoller in buying live stock have ceased, and I would notify the public in general.

C. H. STOLLER.

N. B.—C. H. Stoller will continue to buy and sell live stock as usual and will devote his time and energy to the business.

### HOW TO CARE FOR THE HAIR.

#### A Few Simple Measures For Beautifying It, and a New Coiffure.

How to care for the hair is a never settled question. The market is full of nostrums for beautifying, restoring and preserving it, while there is an unceasing supply of contradictory recipes for its treatment. One writer mentions sage tea as a dressing, but does not add that it should be used only by brunettes, as it is inclined to darken the hair. Other authorities state that borax should always be dissolved in the water in which the hair is washed. But borax, although it keeps the hair soft and clean, makes it fall out as fast as it grows in.

Somebody else advises the use of vaseline and glycerin. These articles may be beneficial, but they make the hair damp and oily and effectually prevent anything in the

NEW COIFFURE.

way of curls or waves, besides collecting all the dust and cinders that are afloat in the air. Brushing has time out of mind been considered the best sort of treatment, but not long ago an innovator came out with the assertion that it is most injurious, destroying the new hairs before they have a chance to grow. This may be taken with a grain of wholesome doubt.

It is much easier to say what should not than what should be done. Oil or grease of any kind makes the hair straight, stringy and unpleasant to the touch and is an enemy to neatness. Soda duds and dries it. Sulphur stimulates its growth, but is too odoriferous to be pleasant. Simple measures in this matter, as in most others, are best. The hair may be washed as frequently as necessary, for if it is quickly dried a bath does it no harm and greatly improves its appearance. A little common salt, fine toilet soap, ammonia or alcohol may be added to the water and the hair afterward be dried in the sun or by artificial heat. It should not be touched with brush or comb until it is thoroughly dry. This treatment will keep it clean and soft, and no hair is beautiful without these attributes, no matter what its color or thickness.

A sketch is given of an evening coiffure in which the front hair is curled and the waved back hair arranged in a twist ending in five puffs on the crown of the head. The left side is ornamented with four erect wings or ears.

### MYSTERIES!

#### The Nervous System the Seat of Life and Mind. Recent Wonderful Discoveries.

No mystery has ever compared with that of human life. It has been the leading subject of professional research and study in all ages. But notwithstanding this fact it is not generally known

that the seat of life is located in the upper part of the spinal cord, near the base of the brain, and so sensitive is this portion of the nervous system that even the prick of a needle will cause instant death.

Recent discoveries have demonstrated that all the organs of the body are under the control of the nerve centers, located in or near the base of the brain, and that when these are deranged the organs which they supply with nerve fluid are also deranged. When it is remembered that a serious injury to the spinal cord will cause paralysis of the body below the injured point, because the nerve force is prevented by the injury from reaching the paralyzed portion, it will be understood how the derangement of the nerve centers will cause the derangement of the various organs which they supply with nerve force.

Two-thirds of chronic diseases are due to the imperfect action of the nerve centers at the base of the brain, not from a derangement primarily originating in the organ itself. The great mistake of physicians in treating these diseases is that they treat the organ rather than the nerve centers which are the cause of the trouble.

Dr. FRANKLIN MILES, the celebrated specialist, has profoundly studied this subject for over 20 years, and has made many important discoveries in connection with it, chief among them being the facts contained in the above statement, and that the ordinary methods of treatment are wrong. All headache, dizziness, dullness, confusion, pressure, blues, mania, melancholy, insanity, epilepsy, St. Vitus dance, etc., are nervous diseases no matter how caused. The wonderful success of Dr. Miles' Restorative Nerve is due to the fact that it is based on the foregoing principle.

Dr. Miles' RESTORATIVE NERVE is sold by all druggists on a positive guarantee, or sent direct by Dr. Miles Medical Co., Elkhart, Ind., on receipt of price, \$1 per bottle, six bottles for \$5, express prepaid. It contains neither opiates nor dangerous drugs.

## HIS MEMORY.

Hot Shot Passed between a Witness and a Lawyer.

Judge Tomlinson of St. Paul had the reputation of being a little slow in paying his debts. Upon one occasion he was examining a witness, and in answer to almost every question the lawyer put the reply was, "I don't remember," or "I don't know." Judge Tomlinson became exasperated, and said: "You seem to have a very short memory. Is there anything that you do remember?" "Yes, sir. I remember that a part of my father's estate consisted of a note of yours nearly outlawed. I put it in judgment, and the statute of limitations will run out in a few more weeks." There was a general smile passed through the court room, but the judge was not pleased for an instant. He said: "Well, sir, you have by your admission a better memory than I have. Will you explain to the jury how it happens that you were able to forget the circumstances of the case upon trial in so short a time?" The laugh was effectually turned at the expense of the witness.

## Smallest Race of People.

The inhabitants of the Andaman islands are the smallest race of people in the world taken as a whole. The average height of a full-grown Andamanian is three feet eleven inches and the average weight less than seventy pounds. They are very warlike, and, as they throw poisoned spears with marvelous accuracy, it is not at all strange that travelers do not care to encounter them.

## Without Doubt.

Father Healey of Bray, one of the very few avowed Unionist priests in Ireland, has been known for a long while past as a wit. The other day, an ardent politician asked his reverence, "What do you think, now, father, Mr. Tim Healy will be in the first Irish parliament, lord chancellor, attorney-general, or what?" "Shure, he will be a very old man," was the reply.

## On the Safe Side.

Whether an epithet is libelous or not is determined by the law alone. There is a pleasant story of an English gentleman rushing into his friend's chambers in Lincoln's inn, and exclaiming: "Quick! quick! that scoundrel Jones is in Chancery Lane, and I want a list of all the abusive names I can call him without risk of prosecution."

**International Bicycle Meeting at Nice.**  
 NICE, March 26.—An international bicycle meeting opened here yesterday. A large number of the English and American residents of the Riviera were present. In the 3,000-meter race for safeties Gougoltz and Nicodemi, both of Nice, finished first and second respectively. Warwick of Australia was third.

## Oppose the New Chinese Treaty.

SAN FRANCISCO, Cal., March 26.—The democratic general committee adopted resolutions protesting against the adoption of the new treaty with China, and requesting the congressional delegation from this state to prevent its ratification.

## EASTER SERMON.

DR. TALMAGE ON THE LAST RESURRECTION.

"It Would Not Be Much of a God Who Could Do Things Only as Far as Man Can Understand"—Nearly All Is Mystery.

BROOKLYN, March 25, 1894.—The Easter services in the tabernacle today were attended by immense audiences. Beautiful floral decorations almost hid the pulpit from view, and the great organ gave forth its most rapturous strains in honor of the day. In the forenoon Rev. Dr. Talmage delivered an eloquent sermon, the text being taken from Genesis 23: xvii, xviii: "And the field of Hebron, which was in Machpelah, which was before Mamre, the field, and the cave which was therein, and all the trees that were in the field, that were in all the borders round about, were made sure unto Abraham."

At this Easter service I ask and answer what may seem a novel question, but it will be found, before I get through, a practical and useful and tremendous question: What will resurrection day do for the cemeteries? First, I remark, it will be their supernatural beautification. At certain seasons it is customary in all lands to strew flowers over the mounds of the departed. It may have been suggested by the fact that Christ's tomb was in a garden. And when I say garden I do not mean a garden of these latitudes. The late frosts of spring and the early frosts of autumn are so near each other that there are only a few months of flowers in the field. All the flowers we see to-day had to be petted and coaxed and put under shelter, or they would not have bloomed at all. They are the children of the conservatories. But at this season and through the most of the year, the Holy Land is all ablaze with floral orulence.

You find all the royal family of flowers there, some that you supposed indigenous to the far north, and others indigenous to the far south—the daisy and hyacinth, crocus and anemone, tulip and water lily, geranium and ranunculus, mignonette and sweet marjoram. In the college at Beyrout you may see Dr. Post's collection of about eighteen hundred kinds of Holy Land flowers; while among trees are the oaks of frozen climes, and the tamarisk of the tropics, walnut and willow, ivy and hawthorne, ash and elder, pine and sycamore. If such floral and botanical beauties are the wild growths of the field, think of what a garden must be in Palestine! And in such a garden Jesus Christ slept after, on the soldier's spear, his last drop of blood had coagulated. And then see how appropriate that all our cemeteries should be floralized and tree shaded. In June Greenwood is Brooklyn's garden.

"Well, then," you say, "how can you make out that the resurrection day will beautify the cemeteries? Will it not leave them a plowed up ground? On that day there will be an earthquake, and will not this split the polished Aberdeen granite, as well as the plain slab that can afford but two words, 'Our Mary,' or 'Our Charley'?" Well, I will tell you how resurrection day will beautify all the cemeteries. It will be by bringing up the faces that were to us once, and in our memories are to us now, more beautiful than any calla lily, and the forms that are to us more graceful than any willow by the waters. Can you think of anything more beautiful than the reappearance of those from whom we have been parted? I do not care which way the tree falls in the blast of the judgment hurricane, or if the plowshare that day shall turn under the last rose leaf and the last china aster, if out of the broken sod shall come the bodies of our loved ones not damaged, but irradiated.

The idea of the resurrection gets easier to understand as I hear the phonograph unroll some voice that talked into it a year ago, just before our friend's decease. You touch the lever, and then come forth the very tones, the very song of the person that breathed into it once, but is now departed. If a man can do that, can not Almighty God, without half trying, return the voice of your departed? And if he can return the voice, why not the lips and the tongue and the throat that fashioned the voice? And if the lips and the tongue and the throat, why not the brain that suggested the words? And if the brain, why not the nerves, of which the brain is the headquarters? And if he can return the nerves, why not the muscles, which are less ingenious? And if the muscles, why not the bones, that are less wonderful? And if the voice and the brain and the muscles and the bones, why not the entire body? If man can do the phonograph, God can do the resurrection.

Will it be the same body that in the last day shall be reanimated? Yes, but infinitely improved. Our bodies change every seven years, and yet in one sense it is the same body. On my wrist and the second finger of my right hand there is a scar. I made that at twelve years of age, when, disgusted at the presence of two warts, I took a red hot iron and burned them off and burned them out. Since then my body has changed at least a half dozen times, but those scars prove it is the same body. We never lose our identity. If God can and does sometimes rebuild a man five, six, ten times, in this world, is it mysterious that he can rebuild him once more, and that in the resurrection? If he can do it ten times, I think he can do it eleven times. Then look at the seventeen year locusts. For seventeen years gone, at the end of seventeen years they appear, and by rubbing the hind leg against the wing make that rattle at which all the hus-

bandmen and vine dressers tremble as the insectile host takes up the march of devastation. Resurrection every seventeen years, a wonderful fact!

Another consideration makes the idea of resurrection easier. God made Adam. He was not fashioned after any model. There had never been a human organism, and so there was nothing to copy. At the first attempt God made a perfect man. He made him out of the dust of the earth. If out of ordinary dust of the earth and without a model God could make a perfect man, surely out of the extraordinary dust of mortal body, and with millions of models, God can make each one of us a perfect being in the resurrection. Surely the last undertaking would not be greater than the first. See the gospel algebra; ordinary dust minus a model equals a perfect man; extraordinary dust and plus a model equals a resurrection body. Mysteries about it? Oh, yes; that is one reason why I believe it. It would not be much of a God who could do things only as far as I can understand. Mysteries? Oh, yes; but no more about the resurrection of your body than about its present existence.

I will explain to you the last mystery of the resurrection, and make it as plain to you as that two and two make four, if you will tell me how your mind, which is entirely independent of your body, can act upon your body so that at your will your eyes open, or your foot walks, or your hand is extended. So I find nothing in the Bible statement concerning the resurrection that staggers me for a moment. All doubts clear from my mind. I say that the cemeteries, however beautiful now, will be more beautiful when the bodies of our loved ones come up, in the morning of the resurrection.

They will come in improved condition. They will come up rested. The most of them lay down at the last very tired. How often you have heard them say, "I am so tired!" The fact is, it is a tired world. If I should go through this audience, and go round the world, I could not find a person in any style of life ignorant of the sensation of fatigue. I do not believe there are fifty persons in this audience who are not tired. Your head is tired, or your back is tired, or your foot is tired, or your brain is tired, or your nerves are tired. Long journeying, or business application, or bereavement, or sickness has put on you heavy weights. So the vast majority of those who went out of this world went out fatigued. About the poorest state to rest in is this world. Its atmosphere, its surroundings, and even its hilarities, are exhausting. So God stops our earthly life, and mercifully closes the eyes, and more especially gives quiescence to the lung and heart, that have not had ten minutes' rest from the first respiration and the first beat.

If a drummer boy were compelled in the army to beat his drum for twenty-four hours without stopping, his officer would be court-martialed for cruelty. If the drummer boy should be commanded to beat his drum for a week without ceasing, day and night, he would die in attempting it. But under your vestment is a poor heart that began its drum beat for the march

## STORM ON SUNDAY DID NOT STOP SONG

JANESVILLE CHURCHES HAD  
SPECIAL SERVICES.

Colonel Nicholas Smith Filled the Baptist Pulpit Sunday Morning and Conducted a Song Service in the Evening—Banks of Flowers Adorned Every Place of Worship.

Snow storms don't go well with Easter, but snow couldn't mar the enthusiasm shown by Janesville churches yesterday. There were special services everywhere. At the Baptist church the special observance took place in the evening when Colonel Nicholas Smith conducted an Easter service of song. The choir sang several selections appropriate to the occasion and Colonel Smith gave an interesting history of a few hymns dear to those who follow the risen Lord. B. F. Dunwiddie spoke briefly on the proofs and powers of the resurrection of Christ. Colonel Smith's theme in the morning was "John the Baptist."

In Episcopal Churches. The celebration of Easter day at Trinity church commenced by a celebration of the Holy Communion at 7:30 o'clock in the morning. The attendance at this service and that at the ones following was good. The altar was decorated with white roses and Easter lilies and the new altar hangings, the gift of the altar guild were used for the first time. The surpliced choir sang at the second service at 10:30 and in the evening, rendering the music in a pleasing and acceptable manner. The Sunday School service was at 3:00 o'clock when the address was practically to the children and the offering for missions.

The Easter festival of the Sunday School took place in Christ church at 7:00 o'clock. In the morning Rev. A. H. Barrington preached on "The Resurrection and there was special music.

Handsome Flowers at Court Street. At Court Street church yesterday, profuse floral decorations denoted the fact that it was Easter Sunday. Rev. W. F. Requa preached from the text, "Now is Christ risen and become the first fruits of them that slept" to an unusually large audience. The choir rendered some special music appropriate to the occasion, prominent among which was a solo by Mrs. Christine Hawley. In the evening the services consisted of a concert arranged and presented by the Sabbath school. C. H. Stoller, superintendent of the Sunday school had charge of the exercises.

Congregational Sunday School Work. Appropriate Easter services were held at the Congregational church yesterday morning, the pastor delivering a very appropriate sermon for the occasion. The Men's Sunday evening club dispensed with the usual service and the Sunday school primary class gave a very enjoyable entertainment appropriate to Easter Sundays. The regular business meeting of the Men's Sunday Evening club was held at the close of the services. The same committees were retained for the ensuing month.

Lutheran Churches Bloomed. St. Paul's and St. John's Lutheran churches were a-bloom with spring flowers. Impressive services were held in both churches, a class of young communicants appearing at the altar for the first time at St. Paul's and four being confirmed at St. John's.

Rev. E. H. Pence Preaches on Resurrection. "The Resurrection Not Incredible," was Rev. E. H. Pence's theme at the Presbyterian church Sunday morning. Appropriate music was rendered. The Christian Endeavor meeting was very interesting and the attendance was good. The bible class will meet Tuesday evening in the church parlors at 7:45 o'clock.

Special Music for Catholics. Smith's orchestra and E. O. Kimberly assisted the regular choir at St. Patrick's church; and the joyous music, so sweetly rendered, was listened to by a large congregation. Rev. Father Condon preached the Easter sermon.

At St. Mary's Holy week was observed in the usual solemn manner. Holy Thursday the services commenced at 7:30 a. m. and the church was constantly occupied by worshippers until 9 p. m., the altar of the Blessed Virgin being beautifully decorated with choice flowers. Good Friday was also duly observed. On Easter Saturday the services were solemn, having deacon and sub-deacon to assist. This is the longest service in the year. On Sunday first mass was said at 8 a. m. and solemn high mass at 10:30 a. m., Rev. R. J. Roche celebrant and Rev. Mr. McBride as deacon, and Mr. Hennessey as sub-deacon. At this mass Mr. McBride preached his first sermon and his parents and friends may well feel proud of him. The music was exceptionally good. Mr. Millard's mass in C was given under the direction of J. H. Burns, Miss Sophie Weisend, organist. In the evening at 7:30, one of the most impressive ceremonies witnessed in some time was the receiving into the two sodalities a number of married and unmarried ladies. At this service the music was very fine. Prof. Theile, of Jefferson, presided at the organ. The altars were covered with flowers.

Church and Sunday School Joined. The First Methodist church Easter exercises were of the most interesting character, and large congregations were present. Besides appropriate music by the choir there were recitations by Mrs. Clark, the primary class, Fanny Clithero, Allie Griswold, Ethel Bates, Lulu Griswold, Verbena Bates and Lucy Hanson, recitations and songs by the primary class, solo by Mrs. Clark and singing by the Sunday school.

The Ladies Aid Society will meet in the church Tuesday afternoon. A full attendance is desired. The Junior League hold very interesting meetings every Sunday afternoon at 3 o'clock at the First Methodist church.

At the consecration meeting of the Epworth League last evening, a special programme was given, which was interesting to all who attended. Epworth League cottage prayer meeting will be held on Tuesday evening at the home of Mrs. Griswold, 251 South High street.

Union Meeting of Little People.

The local union of Junior societies held their first union meeting yesterday afternoon at 4 o'clock, in the Presbyterian church. It was a fine sight to behold. Baptist, Congregationalist, Court Street Methodist and Presbyterian societies were represented and the programme was excellent. A permanent organization was perfected. About three hundred were present and the papers read by the different societies were a pleasing feature of the meeting. The musical program was fine.

# ELEGANT WATCHES

## WHICH WE WILL SELL

# VERY CHEAP.

They are first class time pieces warranted for one year and very cheap.

# Watch and Chain For \$1.50.

Tomorrow evening we will give you a full description of the watches with a picture of one in this issue.

See Display in Show Window.

# WHEELLOCK'S CROCKERY HOUSE.

N. B.—This watch sale will last but one week.

## SOMEWHAT HUMOROUS

## Entirely Reassured.

She—Oh, Jack! I'm so disturbed. I have just dreamed that burglars broke in the house and shot you.

He—You are not superstitious about it, eh?

She—Yes. My old nurse always said the dreams we have by day come true.

He—What stuff! Why, yesterday afternoon I dreamed the butcher presented his bill and I paid him.—Judge.

## Fortune Favors the Bold.

Wandering Willie—When de lady set sich a dandy meal afore me I wuz sorry I'd sneaked in de back way.

Steel Rydes—Felt ruther ashamed o' yerself, eh?

Wandering Willie—Naw, et wuzn't dat. Yer see de sight o' de wood-pile in de back yard spoilt me appetite.—Judge.

## In the Business.

Tommie—Eh!—Mr. Snodkins, gi' me ten cents. I saw you kiss sister.

Mr. Snodkins—Well—ah—here's a quarter, but be sure you don't tell.

Tommie—That's all right. I'm used to keeping it quiet. That's five dollars I've earned this week.—Harper's Bazar.

## Why, of Course.

"You told me that Miss Crowfoot was 'pretty as could be'."

"I find her quite as homely."

"As one could wish to see."

"She smiled—I tell you truly, as you must see at once."

"She's pretty as she can be, of course—All women are, you dunce."

—Kansas City Journal.

## Cure for Backsliding.

"I heard that your wife was drifting into infidelity, but I see she is going to church regularly again."

"Yes, she is going to church again."

"Did you argue with her?"

"No. I bought her a new dress and a new bonnet."—N. Y. Press.

## Prepared for the Emergency.

Jennie—I suppose you were awfully shocked when you heard of the death of your uncle?

Fannie—No, not much. You see I'd been expecting it for some time and had a new black silk dress made up ready for the funeral.—Texas Siftings.

## An Urgent Call.

She—One of the legs of our sofa is broken. Will you come around right away and fix it?

Carpenter—I'm very busy just now, miss. Won't to-morrow do?

She—Oh, dear, no. It must be ready by seven-thirty this evening.—Life.

## A Predicted Renaissance.

She—Miss Carrie told me the other day that she expected you to propose that night. Did you get left?

He—No; she got left. I didn't propose.—Truth.

## The One Who Got Left.

She—Miss Carrie told me the other day that she expected you to propose that night. Did you get left?

He—No; she got left. I didn't propose.—Truth.

## Her Dear Friends.

Maud—What a lovely complexion Laura has—this evening!

Irene—Superb, isn't it? But it looks as if it had been laid on with a trowel.—Chicago Tribune.

## Blessed Are the Poor.

Lives of rich men all remind me I can make my memory blest, if no will I leave behind me For my children to contest.

—Halla.

## WANTED—FEMALE HELP.

—Judge.

## Evidence of Smartness.

Louisa—Does your father approve of your engagement?

Lily—Oh, yes; papa thinks George real smart. In fact he pinched papa in a coal deal last week.—Texas Siftings.

## A Choice of Woes.

Mrs. Nervus—Johnny, quit thumping on that tin pan. I've got a frightful headache.

Johnny—If I quit you'll hear Sister Nell upstairs playin' the piano.

Mrs. Nervus—Go on thumping, Johnny.—Chicago Record.

## Spontaneous.

"This is so sudden," she said, blushing at the tender question.

"I know it," he responded, gallantly. "I never should have done it if I had taken time to think about it."—Detroit Free Press.

## Not Conventional.

"Did you hear that Miss De Vere took the veil last week?"

"I did not know she was religiously inclined."

"She wasn't! She took it from Macy's and got six months."—Halla.

Johnson's Oriental soap is the most delicate facial soap for ladies in existence. Sold at Smith's Pharmacy.

Roy Dolman's German 15 cent liver pills, 40 in each package, at Palmer & Sons.

## A Difficult Feat.

A member of a Houston (Tex.) volunteer fire company did not appear at the scene of the conflagration until after the fire was under control. The chief of the fire department reproached him bitterly for his neglect of duty.

"It's not my fault," returned the fireman. "I live quite a distance from the fire."

"That's no excuse. You must move nearer to the next fire."—Texas Siftings.

## In the Same Profession.

"My friend," said the solemn man, "have you ever done ought to make the community in which you live the better for your living in it?"

"I have done much, sir," replied the other humbly, "to purify the homes of my fellow beings."

"Ah," continued the solemn man, with a pleased air, "you distribute tracts?"

"No, I clean carpets."—Pearson's.

## Not Up to Date.

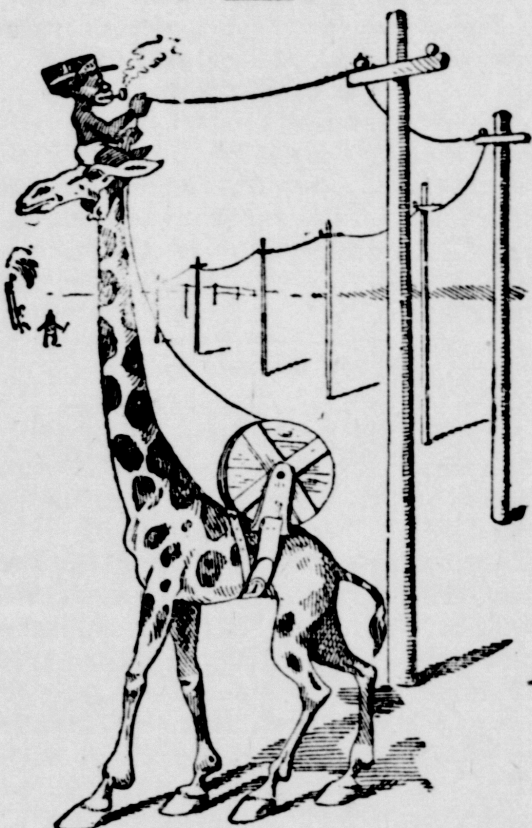

"So you used to be in business for yourself, eh?" asked the business man.

"How does it happen you are looking for employment?"

"I guess I wasn't up to business ways," answered the applicant.

"Every time I failed I made a failure of it."—Indianapolis Journal.

## NATIVE ADVANTAGES.

The telegraph linemen have it much easier in Africa than they do in civilized portions of the globe.—Puck.

Children Cry for  
Pitcher's Castoria.

REV. FATHER CLARKE, Sec'y to the Rt. Rev. Bishop of Columbus, Ohio, writes:

"I cannot say enough for your Powder. It has cured me of an aggravated attack of catarrh when nothing else could help me. Am delighted with it. All my friends to whom I administered samples are quite enthusiastic over it. The good sisters speak most encouragingly of their use of it in the hospital under their care. I will do anything to speak a good word for the remedy to help others who are suffering."

M. E. FERGUSON, Custodian U. S. Appraiser's Stores, Chicago, writes:

"Being almost entirely deaf for a number of years, and getting no relief from many so-called cures which I tried, was induced by a friend to try Dr. Birney's Catarrh Powder for my deafness. Have recovered my hearing entirely, so that I can now hear a watch tick plainly, it being held 18 inches from my ear. I look upon it as a positive cure for deafness and have recommended its use to many of my friends and can say I have never heard of a case where it has failed to relieve."

Full size bottle of powder and blower COMPLETE, postpaid, 50c. Birney Catarrh Powder Co. 1208 MASONIC TEMPLE, CHICAGO. Sold everywhere by druggists or direct by us.

## TOILETS FOR MOURNING.

## Unexpected Signs of Grief That Warm Weather May Develop.

The Eton jacket is too convenient to become quickly obsolete and is used in many of the spring costumes for misses and young women. A French model of a mourning gown is shown having an Eton jacket, although it seems rather too flippant a style for the appropriate expression of grief. The round bell skirt is trimmed with bias bands of crape, and the jacket, which opens over

MOURNING COSTUME.

a full crape vest, is bordered with the same trimming. Tight crape cuffs extend to the elbow, while crape epaulets fall over the puff that forms the upper part of the sleeve. Crape is still the orthodox material for mourning, although it is so unserviceable a stuff. Woolen crape and crepons, henrietta, serge, camel's hair and all dull finished black cloths are employed, while some beautiful black silk crepons are shown among the new spring goods, having a narrow plain silk stripe, or a silk stripe with a sort of ruffled effect, or the goods, instead of being striped, are sprinkled with plain silk flecks. For warm weather grenadine, nun's veiling and plain black silk net may also be used. Ample veils of the latter are far better for summer wear than the suffocating crape ones and are quite as complete mourning.

The custom of wearing black lisse or tulle ruchings next the neck and wrists is one to be followed with caution, as the dye is usually not fast in those materials and is apt to come off upon the skin under the influence of warmth or dampness. A fold of dull china silk or a plaiting of silk net is a safer finish to adopt.

A spring mourning toilet is shown made of dull finished and woolen material. It has a round bell skirt trimmed with three bias bands of crape of different widths. The plain corsage has a short basque and opens in front over a full vest of black gauze confined by a crape girdle. The full cloth sleeves are trimmed with crape. A triple cape accompanies the gown, the two lower capes of cloth and the upper one of crape. They are mounted on a yoke which is concealed by a cloth collar continued down the front edges of the cape in the form of crape revers. The bonnet, with its trimming and strings, is of crape and has a ruching of white crape beneath the close brim.

## FOR USE AND ORNAMENT.

## A Doll Bonbon Box That Only Costs \$3 or \$4.

The source of decorative novelties seems to be unending. Every month brings out on the fancy counters of the shops a fresh assortment of small articles more or less useful and ornamental. One of the latest things is a flat pocket pinholder, made of brown silk, in imitation of the flat side of a chestnut and rather larger than the Span-

NOVELTY BONBON BOX.

ish chestnuts seen in the markets. The pins are stuck in around the edge. The tiny decorated rolling pins, etc., once popular for key racks, have been superseded by wood or composition oak and maple leaves, painted and veined in the natural colors. Several small gilt hooks are fastened on the face of the leaf to hold the keys, and the leaf is hung up by the stem. Something decidedly new are the white applique letters now for sale at the notion counters. They are about three-quarters of an inch long and are embroidered, but have no background, and are intended to save the labor of embroidering initials on household linen and underwear. The idea is a novel but practical one.

Voluminous lampshades are still popular, but ingenuity has been almost exhausted on them, and every combination of china silk, lace and crape has been tried over and over. Some new ones are shown made of crape paper in shades of lavender, ornamented in shades of purple and white, with white flag lilies or iris, also made of paper. The same scheme might be more cheerfully carried out in pale yellow, since there are yellow shades in nature. These millinery lampshades are not satisfactory on the whole, however, as they are too flimsy to be trusted in the neighborhood of fire.

A doll bonbon box is a rather attractive novelty which, trivial as it may seem, sells at between \$3 and \$4. The foundation is a rather tall, round box, to the lid of which is fastened the upper half of a doll's body, with head and arms complete. The skirt is secured to the waist of the doll and is made just the right length and circumference to cover the box when the lid is open. These dolls are dressed in various styles—one in gray, as a Quaker, with a silk bonnet and a kerchief; another in lace and muslin, with a hat and a tiny basket of flowers. The prettiest are the "folly" costume of satin and ribbons, hung with little bells. The dress is in two colors, of course, blue and orange, blue and white, and turquoise and gold being the most effective combinations.

## Outclassed.

Miss Fosdick—I thought you told me you intended to marry Dick Gilderleeve.

Miss Keedick (ruefully)—But I didn't know that a widow had set her cap for him too.—Judge.

## His View.

Mrs. Browne—My dressmaker is suffering from a curious ailment—she has writer's cramp.

Browne—It must have been caused by making out your last bill.—N. Y. World.

## Good Excuse.

Judge—Why did you commit a second theft after you had been acquitted of a first charge?

Prisoner—So that I could pay my lawyer.—Hullo.

## She Slew Him Thus.

"Don't talk to me," she said, "I know that in my cheek's a rose; But I don't care to match it with That blossom on your nose."—Detroit Free Press.

## Of No Use.

Policeman—Why don't you light the lamps on your cab?

Cabman—It's no use; the horse is blind.—Hullo.

## Was the Story Denied?

Spatts—I heard that Goslin lost his head at Miss Darley's the other night.

Bloombumper—There's nothing in it.—Truth.

## A REMUNERATED TEST.

Mrs. Sharply (suspiciously)—An unfortunate mind-reader out of an engagement, and want ten cents, eh? What am I thinking now?

Jim Hickey (the tramp)—Madam, you are thinking that I am lying.—Judge.

## Signs of a Cosmopolitan.

Seers—What is your reason for thinking that Mrs. Nucashe is such a remarkably cosmopolitan woman?

Caustique—Her linguistic attainments. It always seems to me that she must have learned her English in France and her French in England.—Chicago Record.

## Hard Times.

"John," whispered Mrs. Squeers, "there's a burglar climbing through the window."

"Let him come in," responded her husband under his breath, "I'll yell at him and scare him. He may drop something he has stolen elsewhere."—Hullo.

## A Disappointing Question.

"Miss Munn," said young Mr. Goslin, tenderly, "I dreamed of you last night."

"Did you?" replied Miss Munn, with deep interest. "Was my hat on straight?"—Judge.

## Make a Note of It.

You may write it on the ceiling That a fellow is a fool When the eye is on the office An' the mortgage on the mule!—Atlanta Constitution.

## Unselfish.

She—What makes you happiest? He—Kisses; and you? She—I like to see other people happy.—Truth.

Another Opportunity Lost. Mr. Van Tonneigh—I see that Mrs. De Swellton is dead.

Mrs. Tonneigh (in horror)—Oh, isn't that awful! (Weeps.)

Mr. Tonneigh (in surprise)—Why, I thought she was your most bitter enemy!

Mrs. Van Tonneigh—Yes, but I did so want her to see me in my new dress next Sunday.—Puck.

## Athrast for Knowledge.

Lobolla Parvenue (of Chicago)—Bring in a book, May, and read to me while I dress for dinner at Mrs. Gotham's.

May—What book do you want? Lobolla Parvenue—Find some book on etiquette. I want to know how they eat pigs' feet among the New York Four Hundred.—Judge.

## Plenty of Gilding.

Physician—The truth can no longer be hidden, madam. I am obliged to tell you that your little son is—er—weak-minded. That is—well, it must be said—he is an idiot.

Mrs. Highupp—How fortunate it is that we are rich. No one will ever notice it.—N. Y. Weekly.

## A Contractor's Advice.

Dullam's German Medicine Co., Gentlemen: I take great pleasure in testifying in behalf of Dullam's German Blood, Liver, Stomach and Kidney Cure. I can safely say that I never took such medicine as that to cleanse the stomach and kidneys. I was suffering for years with biliousness, indigestion and loss of appetite and sleep. One bottle did me more good than six months' other treatment, and I feel it my duty to testify in its behalf, as others may try it and get cured.

Yours truly, Mrs. McDONALD, or sale by Palmer & Stevens.

## In Childhood's Happy Days.

Among the incidents of childhood that stand out in bold relief, as our memory reverts to the days when we were young, none are more prominent than severe sickness. The young mother vividly remembers that it was Chamberlain's Cough Remedy cured her of croup, and in turn administered it to her own offspring and always with the best results. ## Hard Times.

The other day a young negro girl was met by an old negro woman, and the usual salutations, with by questions as to the health and happiness of the families were passed. "Does you mammy take in washing?" asked the older. "Yes'm," replied the younger; "she been doing washin for Mr. Blank down here at Mrs. — boarding-house, but he says times is too hard to have clothes washed; and I dunno what she gwine to do now."

## EASTER SERMONS.

(Continued from Fourth page.)

of life thirty, or forty, or sixty or eighty years ago, and it has had no furlough by day or night; and whether in conscious or comatose state, it went right on, for if it had stopped seven seconds your life would have closed. And your heart will keep going until some time after your spirit has flown, for the anscultator says that after the last expiration of lung and the last throb of pulse, and after the spirit is released, the heart keeps on beating for a time. What a mercy, then, it is that the grave is the place where that wondrous machinery of ventricle and artery can halt.

Under the healthful chemistry of the soil all the wear and tear of nerve and muscle and bone will be subtracted and that bath of good fresh clean soil will wash off the last ache, and then some of the same style of dust out of which the body of Adam was constructed may be infused into the resurrection body. How can the bodies of the human race, which have had no replenishment from the dust since the time of Adam in Paradise, get any recuperation from the storehouse from which he was constructed without our going back into the dust?

Factories are apt to be rough places, and those who toil in them have their garments grimy and their hands snatched. But who cares for that when they turn out for us beautiful musical instruments or exquisite upholstery? What though the grave is a rough place, it is a resurrection body manufactory, and from it shall come the radiant and resplendent forms of our friends on the brightest morning the world ever saw. You put into a factory cotton, and it comes out apparel. You put into a factory lumber and lead, and it comes out pianos and organs. And so into the factory of the grave, you put in pneumonias and consumptions and they come out health. You put in groans and they come out hallelujahs. For us, on the final day, the most attractive places will not be the parks or the gardens or the palaces, but the cemeteries.

We are not told in what season that day will come. If it should be winter, those who come up will be more lustrous than the snow that covered them. If in autumn, those who come up will be more gorgeous than the woods after the frosts had penciled them. If in the spring, the bloom on which they tread will be dull compared with the rubicund of their cheeks. Oh, the perfect resurrection body! Almost everybody has some defective spot in his physical constitution: a dull ear, or a dim eye, or a rheumatic foot, or a neuralgic brow, or a twisted muscle, or a weak side, or an inflamed tonsil, or some point at which the east wind of a season of overwork assails him. But the resurrection body shall be without one weak spot, and all that the doctors, and nurses, and apothecaries of earth will thereafter have to do, will be to rest without interruption for the broken nights of their earthly existence. Not only will that day be the beautification of well kept cemeteries, but some of the graveyards that have been neglected and been the pasture ground for cattle, and rooting places for swine, will for the first time have attractiveness given them.

This Easter tells us that in Christ's resurrection our resurrection, if we are his, and the resurrection of all the pious dead, is assured, for he was "the first fruits of them that slept." Renan says he did not rise, but five hundred and eighty witnesses, sixty of them Christ's enemies, say he did rise, for they saw him after he had risen. If he did not rise, how did sixty armed soldiers let him get away? Surely sixty living soldiers ought to be able to keep one dead man! Blessed be God! He did get away. After his resurrection Mary Magdalene saw him. Cleopas saw him. Ten disciples in an upper room at Jerusalem, saw him. On a mountain the eleven saw him. Five hundred at once saw him. Prof. Ernest Renan, who did not see him, will excuse us for taking the testimony of the five hundred and eighty who did see him. Yes, yes; he got away. And that makes me sure that our departed loved ones and we ourselves shall get away. Freed himself from the shackles of clod, he is not going to leave us and ours in the lurch.

There will be no door knob on the inside of our family sepulcher, for we can not come out, of ourselves; but there is a door knob on the outside, and that Jesus shall lay hold of, and, opening, will say: "Good morning! You have slept long enough! Arise! Arise!" And then what flutter of wings, and what flashing of rekindled eyes, and what gladsome rushing across the family lot, with cries of "Father, is that you?" "Mother, is that you?" "My darling, is that you?" "How you have all changed! The cough gone, the croup gone, the consumption gone, the paralysis gone, the weariness gone. Come, let us ascend together! The older ones first, the younger ones next! Quick now, get into line! The skyward procession has already started! Steer now by that embankment of cloud for the nearest gate!" And, as we ascend, on one side the earth gets smaller until it is no larger than a mountain, and smaller until it is no larger than a palace, and smaller until it is no larger than a ship, and smaller until it is no larger than a wheel, and smaller until it is no larger than a speck.

Farewell, dissolving earth! But on the other side, as we rise, heaven at first appears no larger than your hand. And nearer it looks like a chariot, and nearer it looks like a throne, and nearer it looks like a star, and nearer it looks like a sun, and nearer it looks like a universe. Hail, seceptors that shall always wave! Hail, anthems that shall always roll! Hail, companionships never again to part! That is what resurrection day will do for all the

cemeteries and graveyards from the Machpelah that was opened by Father Abraham in Hebron to the Machpelah yesterday consecrated. And that makes Lady Huntington's immortal rhythm most apposite:

When thou, my righteous judge, shalt come  
To take thy ransomed people home,  
Shall I among them stand?  
Shall such a worthless worm as I,  
Who sometimes am afraid to die,  
Be found at thy right hand?

Among thy saints let me be found,  
Where'er th' archangel's trumpet shall sound;  
To see thy smiling face;  
Then loudest of the throng I'll sing,  
While heaven's resounding arches ring  
With shouts of sovereign grace.

The odor of the blood rose of Jefferson county, Florida, is very pungent and sickening. The dew which drips from it is of a bright pink color.

The capitol of Hartford, Conn., is of marble. Local engineers claim that it expands an inch to each 100 feet, being three inches longer in summer than in winter.

The average of the persons whose obituaries appeared in the London Times during the course of a whole week last month was between eighty and eighty-six years, and such a record is said not to be uncommon.

Mr. Bauderau, a French scientist, has been studying the causes that have been gradually elevating the whole Scandinavian peninsula above the sea level, and concludes that the movement is due to the gradual warming up of that country.

Mention is made in a San Francisco paper of a single grapevine, seven years old, on the grounds of a private house in the city limits, which covers a space full seventy-five feet square and from which four tons of grapes have been gathered in one season.

The capitol at Washington has cost more than \$30,000,000. It covers three and a half acres, the dome is 307 feet high and 135 in diameter, and is exceeded in size only by St. Peter's in Rome, St. Paul's in London, the Invalides in Paris and St. Isaac's in St. Petersburg.

The state, war and navy departments at Washington occupy an enormous structure, erected at a cost of \$10,500,000, covering four acres of ground and having twenty acres of floor space. The treasury building cost \$8,000,000. The interior department buildings cover two large blocks of ground and its buildings cost \$2,700,000.

The young men residents of Roberta, Ga., are talking of forming a club, and as each member of the organization marries the others are to give him \$5.

Life is full of disappointments. Many a girl who expects to marry and settle down finds she has to settle way up on the top floor of a ten-story tenement house.

## Valuable Discovery, if True.

The story comes, by the roundabout way of Tacoma, of the discovery of a point on the Central American isthmus where the tides of the Atlantic and Pacific oceans approach within eighteen miles of each other. The alleged discoverer of hitherto unsuspected geographical conditions is said to have brought back with him from his explorations not only charts and drawings, but estimates for an ocean-level ship canal across the isthmus. The approach of the oceans, it is represented, is due to fissures in the separating land and chasms in the mountain chain.

## Sound That Traveled 1,600 Miles

It is estimated that if a cannon ball could be manufactured 555 times larger than the largest yet known, and that if it could be charged with 555 times more powder than has ever as yet been fired at a single discharge, the sound of the concussion could be heard entirely around the world. The farthest distance which sound has, up to this time, been known to travel was 1,600 miles, on the occasion of a volcanic explosion in the Tomboro mountains, in the island of Sumbawa, in the year 1815.

## Paper-Makers' Trust.

BOSTON, March 26.—It is stated on the authority of a prominent Boston paper manufacturer that a movement is on foot to form a combination of the paper manufacturers of the country with a view to raising prices and controlling the market. Several meetings have been held and plans outlined.

St. Louis County Output 3,000,000 Tons. DULUTH, Minn., March 26.—The output from the iron ranges in St. Louis county for the coming season is practically determined. It will be in the neighborhood of 3,000,000, an increase of nearly 1,500,000 over that of last year.

STATE OF WISCONSIN—Circuit Court, Rock County.

William T. King, plaintiff, vs. The Whitman & Barnes Manufacturing Company, defendant.

The State of Wisconsin, to said defendant: You are hereby summoned to appear within 30 days after service of this summons, exclusive of the day of service, and defend the above entitled action in the court aforesaid; and in case of your failure so to do, judgment will be rendered against you according to the demand of the verified complaint, which was duly filed in the office of the clerk of the circuit court of said county March 26, A. D. 1894.

SUTHERLAND & NOLAN, Plaintiff's Attorneys.

P. O. Address, Janesville, Rock Co. Wis.

ROCK COUNTY, CITY OF JANESVILLE, SS.—In Justice Court.

To Thomas Davis:

You are hereby notified that a summons and garnishment has been issued against you, and your property garnished to satisfy the debt of George C. Sutherland amounting to one hundred and twenty-five dollars and fifty cents.

New unless you shall appear before M. S. P. J. at a justice of the peace in and for said county, at his office in said city, on the 21st day of April, A. D. 1894, at 9 o'clock in the forenoon, judgment will be rendered against you, and your property sold to pay the debt.—Dated this 24th day of March, A. D. 1894.

GEORGE C. SUTHERLAND, Plaintiff.

T. S. NOLAN, Plaintiff's Attorney.

## Be on your Guard.

If some grocers urge another baking powder upon you in place of the "Royal," it is because of the greater profit upon it. This of itself is evidence of the superiority of the "Royal." To give greater profit the other must be a lower cost powder, and to cost less it must be made with cheaper and inferior materials, and thus, though selling for the same, give less value to the consumer.

To insure the finest cake, the most wholesome food, be sure that no substitute for Royal Baking Powder is accepted by you.

Nothing can be substituted for the Royal Baking Powder and give as good results.

## Notice.

All persons knowing themselves indebted to me will please call and settle as after April 10 all accounts remaining unsettled will be placed in the hands of an attorney for collection.

## Crossing the Atlantic

Usually involves sea sickness. When the waves play pitch and toss with you, strong indeed must be the stomach that can stand it without revolting. Tourists, commercial travelers, yachtmen, mariners, all testify that Hostetter's Stomach Bitters is the best remedy for the nausea experienced in rough weather on the water. Nervous and weakly travelers by land often suffer from something akin to this, and find in the Bitters its surest remedy. No disorder of the stomach, liver or bowels is so obstinate that it may not be overcome by the prompt and thorough remedy. Equally efficacious it is for chills and fever, kidney and rheumatic troubles and nervousness. Emigrants to the frontier should provide themselves with this fine medicinal safeguard against the effects of vicissitudes of climate, hardship, exposure and fatigue.

## ELECTION NOTICE.

OFFICE OF COUNTY CLERK,  
JANESVILLE, MARCH 24, 1894.

To the Electors of the County of Rock:—

Notice is hereby given that a judicial election is to be held in the several towns, wards and election precincts in the county of Rock on the third day of April, 1894, at which the officers named below are to be chosen. The names of the candidates for each office to be voted for, whose nominations have been certified to this office, are given opposite the name of the office and under the appropriate party designation each in its appropriate place below.

## INFORMATION FOR VOTERS.

The following instructions are given for the information and guidance of voters:

A voter upon entering the polling place, and giving his name and residence will receive a ballot from the ballot clerk, which must have endorsed thereon the names or initials of both ballot clerks, and no other can be used. Upon receiving his ballot, voter must retire, alone, to a booth or compartment, and prepare the same for voting. A ballot clerk may inform the voter as to the proper manner of marking a ballot but he must not advise or indicate in any manner whom to vote for. The voter will make a (X) cross in the square at the right and opposite the name of the candidate he wishes to vote for. If he wishes to vote for a person for a certain office, whose name is not on the ballot, he must write the name in the blank space under the printed name of the candidate for the office and make a (X) cross in the square at the right of it. The ballot should not be marked in any other manner. If the ballot be spoiled it must be returned to the ballot clerk, who must issue another in its stead, but not more than three in all to any one voter. Five minutes' time is allowed in booth to mark ballot. Unofficial ballots or memoranda to assist the voter in marking his ballot can be taken into the booth and may be used to copy from. The ballot must not be shown so that any person can see how it has been marked by the voter. After it is marked it should be folded so that the inside cannot be seen but so that the printed endorsement and signatures of the ballot clerks on outside may be seen. Then the voter should pass out of the booth, give his name to the inspector in charge of the ballot box, hand him his ballot to be placed in the box and pass out of the voting place. A voter who declares to the presiding officer that he is unable to read or that by reason of physical disability he is unable to mark his ballot can have the assistance of one or two election officers in marking same to be chosen by the voter. The presiding officer may administer an oath, in his discretion as to such person's disability. The party designations and candidates for the different offices are as follows:
